Jas Sohi

“ASPIRING DATA SCIENTIST & PROBLEM-SOLVING INVENTORY MANAGEMENT PROFESSIONAL”

OBJECTIVE

Obtain a Data Analyst position that allows me to demonstrate my statistics knowledge, database querying, and self-taught coding skills combined with 4 years of practical business/supply chain (APICS certified) experience with a fast-growing tech startup (BuildDirect.com Technologies) and pursue my career goal of becoming a Data Scientist. I also want to develop the ability to stop using run-on sentences... Check out my website for examples of my work (project work that is) - www.jassohi.com !

TOP TECH SKILLS: R, SQL, Python (Pandas, NumPy, scikit-learn), MongoDB, Git, Tableau, Excel, HTML

{August 2013 - November 2014}
Supply Chain Coordinator

BuildDirect.com Technologies Inc.

Vancouver, BC

Report/Form Generation - Advanced Smartsheet & Excel knowledge used to develop customized reports for management & other stakeholders. Designed web forms & standardized packing lists to reduce copy & pasting.

Systems Implementation - Owner of the Smartsheet implementation within the Inventory Department and 1 of 3 throughout the company. Became a product expert by designing and testing several Smartsheets to lean out inefficient email processes and encourage collaboration. Also scoped out, tested, and implemented a ticketing solution called Freshdesk.

Leadership - Managed and trained 5 people from the new Inventory Administration team. Spearheaded the weekly meetings and kept everyone focused on the agenda. Only 1 of 2 Certified Supply Chain Professionals from the entire Inventory Department of about 20.

{May 2012 - August 2013}

BuildDirect.com Technologies Inc.

Vancouver, BC

Inventory Management Analyst

Data Visualization - Tested, pitched, and implemented a time tracking service (Toggl) throughout the entire Inventory Department. This helped gather the data to visualize each analyst's workload and built a strong case for us to hire more analysts and focus on our core competencies instead of trying to do everything in one role.

{October 2010 - May 2012}

BuildDirect.com Technologies Inc.

Vancouver, BC

Tile Sales

Work Ethic - Showed consistent sales growth MoM ending with personal best of \$150k (May 2012)

Positive Attitude - 85% of my customers rated my customer service as good or excellent.

Problem Solver - Designed a tile layout diagram to educate customers on correct installation procedures.

{August 2008 - October 2010}

Bell Mobility

Vancouver, BC

Senior Sales Consultant

Consistency - 100% on a mystery shop (only the 2nd out of 9 employees to do so).

Work Ethic - 200% to target for postpaid sales in August 2010.

{January 2003 - Present}

H & I Roofing Ltd.

Maple Ridge, BC

Webmaster - hiroofing.ca

Web Development - Created several iterations of the website from Flash-based to current responsive design

Google Analytics - Recommended tracking phone leads to measure the effectiveness of goal completions.
